

TECHNICAL DATA SHEET

Eurovent ALUFIX

Single-sided tape made of polyethylene Eurovent® ALUFIX foil, aluminum coating and acrylic dispersion adhesive. Designed for sealing and repairing aluminum foils, aluminum-based or aluminum-coated construction materials.

PARAMETER	UNIT	VALUE
Material		PE foil, adhesive based on acrylic dispersion
Dimensions	[mm x rm]	50 mm x 50 rm; 75 mm x 50 rm
Thickness	[mm]	0,051
Maximum tensile strength	[N/25 mm]	100
UV resistance		resistance
Temperature resistance	[°C]	-30 to +90
Application temperature	[°C]	+5 to +40
Elongation at break	[%]	140
Storage		In dry rooms, in original packaging
Packaging	[mm x rm]	50 x 50: 36 rolls 75 x 50: 24 rolls
Pallet	[mm x rm]	50 x 50: 2592 rolls 75 x 50: 2304 rolls

Advantages:

- High adhesive strength • Solvent-free
- UV resistance

Eurovent **ALUFIX**

Application:

Eurovent[®] ALUFIX single-sided metalized tape designed for sealing and repairing vapour-insulation and vapour-permeable foils based on aluminum as well as metalized plastics or aluminum-coated. Recommended also for repairing all kinds of damages such as holes, cuts and installation punctures.

Storage / transport:

The product should be stored in a dry place, under cover, free from moisture and UV radiation in original undamaged and closed package. The Product should be transported in covered means of transport. They should be prepared for transport in a manner that protects them from damage and destruction. During transport safety regulations must be observed. The product should be protected from chemical agents, in particular solvent-based substances, as they can reduce technical parameters of foil or permanently damage it.

The product is under warranty, providing that the guidelines contained in technical data sheet are being obeyed. We reserve the right to refuse a complaint recognition in case of not following these guidelines.

Included information, advices and guidance is given based on our best knowledge, researches, experience and in good faith. We are not be held responsible for the consequences of improper or incorrect use of our products. Each user of the product shall ensure, in every possible way, including checking the end-product in given conditions, that the provided product is suitable to reach objectives he pursues.
